

“Biomass Programme”

Sponsoring Agency: - Ministry of New & Renewable Energy (MNRE, GoI)

Objective: -

1. To support the establishment of Biomass Briquette/Pellet manufacturing plants and Biomass (non-bagasse) based cogeneration projects in industries, aiming to reduce stubble burning, provide additional income to farmers, and promote environmental sustainability.
2. To support setting up of Waste to Energy projects for generation of Biogas/ Bio CNG/ Power/ Producer or Syngas from Urban, Industrial and Agricultural Wastes/Residues.

Funding Pattern:

Sr. No.	Particulars	Benefits
1	<i>Briquette/Pellet Manufacturing Plants</i>	Rs. 9 Lakh per MTPH (Maximum CFA Rs. 45 Lakhs per plant)
2	<i>Biomass (Non-bagasse) Cogeneration Projects</i>	Rs. 40 Lakhs/MW (Maximum CFA Rs. 5 Crores per project)

Project Activities & Highlights:-

- Biomass sources include crop residues, wood from energy plantations, industrial wood waste, Agro-based residues, and forest residues.
- Minimum project/plant sizes: 1 MTPH for Briquette/Pellet Manufacturing Plant, 0.5 MW for Biomass (non-bagasse) Cogeneration Power Plant.
- Only projects with new machinery installations can avail the benefit.

Consulting Services Offered by Us: -

- Providing Intact Information & Consultation
- Application Preparation and Documentation.
- Submission of Application.
- Assurance of Sanction of Funds
- Disbursement of Subsidy
